THE PONYTAIL POSSE WINS THE INSPIRE AWARD

These are the faces of the Ponytail Posse after finding out we won first place!

That's right, first place! Our first qualifying tournament of the season was last Saturday. We had a great day working together with other teams, talking to judges, and seeing all of our robotics friends. At the end of the tournament, we were honored to receive the Inspire Award, which is considered the first place award and includes all aspects of FTC (robot performance, robot design, outreach, etc.) This means we advanced to the state competition, which is held in February (we would love to see you there – details to come).

We also won the Promote Award for a PSA that two team members created. [Click here](#) to see the finished video.

We had a great time at the tournament, but this is only the beginning and can't we wait to see where the rest of the season takes us!

[Click here](#) for a blog post we wrote about the tournament.

Thank you for your support!
