

Dear Ponytail Posse newsletter subscribers,

Our team has just returned from an amazing weekend in Cedar Rapids, Iowa, for the 2018 FTC North Super Regional Championship. We had a blast competing among 74 of the best FTC teams from 11 different states across the Midwest. At the end of the event, we were awarded **2nd place overall** for the tournament and **advanced to the World Championship** in Detroit. We couldn't think of a better way to end our final robotics season and we're looking forward to competing one last time this April.

Thank you so much to everyone who has helped us so far this season. We had many compliments on Stacy's clean and unique look as well as her smooth functionality, which are both qualities that we would have never achieved without the help of several amazing sponsors. Whether you donated money to help us purchase parts, gave us feedback at design review sessions, or powdercoated our robot to make her look her best – **thank you!**

Like we did last week, we will be sending out the livestream and other information for the FTC World Championship next month. Our team will also be starting our travel fundraising efforts within the next couple weeks. Things are about to get even busier at Posse HQ and we can't wait to end our robotics careers with a journey to Detroit that none of us will forget.

With love,
The Ponytail Posse
